Dear Kelly,

Having now been with POINT for over a year, it is with great regret that I am writing this note to inform you of my decision to resign as of November 15th, 1990.

Certainly this has been an enjoyable year for me seeing POINT move into new directions, reach out to more people and accomplish this in new ways — Cyberthon truly being the culmination of this activity.

However I realize that under your leadership POINT must step back a bit and build a firmer business foundation in the printing field. While assembling systems within the organization you are building, projects such as those initiated by the Whole Earth Institute will necessarily be sidelined for the time being.

I wish you and POINT good luck in your endeavors and hope you will call on me if I can help on future projects like Cyberthon II.

Yours truly,

S. Leonard
